MEMORANDUM FOR: Chief, CIA  
SUBJECT: Communist Forgeries

1. At the Special Group (CI) Meeting today, Mr. Leonard Marks, Director of CIA, asked me if we had any objection to their having written a small book or booklet containing the material given them on Communist Forgeries under date of 12 August 1965. I replied to Mr. Marks that we wanted to get this information into the public domain and that we would be delighted if CIA would undertake what he had proposed. He thereupon instructed his Deputy, Mr. Robert Akers, to get on with the job.

2. The foregoing is for your information.
